## Message from *Katie*

At the American Red Cross in Fayette County, we have made changes to our Health & Safety classes.

Beginning January 1, 2011, Adult, Infant, and Child CPR along with First Aid, Professional Rescuer CPR, Wilderness First Aid, and other courses are now a two- year certification.. In addition, we will soon offer a Citizen CPR course which is a compression only version of our full CPR course. Please note there is no certification for the Citizen CPR course.

The Citizen CPR course is a new and effective way to get people prepared for an emergency. The course is just 30 minutes long, and is taught by certified American Red Cross instructors. The purpose is to teach untrained bystanders how to perform hands-only CPR.

The Red Cross strives to respond to the health and safety concerns of Americans at home, in school and in the workplace. To register for our classes or presentations, call 740-335-3101 or go online to fayette.redcross.org.
