## Nitah

**W**hen Nitah Clay's home was destroyed in a fire she was devastated by her loss. Fortunately, the Red Cross was there to help her. "They were there within a few minutes of my house burning."

According to Nitah, the Red Cross' most helpful service was its help with payment of her prescriptions and the kindness of the nurse who worked with her. "I don't know what I would have done without the nurse's help."

"People should donate money to help with the organization," Nitah recommended. She herself was so impressed by the Red Cross and grateful for the help that she is planning to volunteer with the organization that impacted her life.
